“An introduction to the Indian Electoral System and Voter Participation” in our Democracy Work

Credit Course Syllabus

One Credit Elective course to be made available for all undergraduate and post graduate students in all faculties

(Hybrid mode- online and offline)

Introductory remarks

1. SPPU has already introduced a mandatory extra credit course on Democracy, Elections and Governance for all first-year students of all faculties.
2. The proposed course by the CEO office can therefore become an add on (supplementary) course to the above-mentioned course
3. We suggest that it should be introduced as an ELECTIVE course and should NOT be made mandatory (Our collective experience as teachers about mandatory courses is that they remain notional for students and students do not see these courses as enjoyable/ interesting).
4. We suggest that the course should be of One credit instead of Two.
5. It should be introduced as a new certificate course available any student of any faculty. The award of certificate at the end of the course will potentially attract many more students to the course.
6. It should be taught in a hybrid mode. The classroom sessions of the course could be taught online and the practical / hands on aspect of the course could be conducted offline (mainly with the help of the NSS units in colleges where students are willing to take up this course)
7. Introduction of the proposed course as an online course will have many added advantages as it could be offered/ made available for students from other Universities in Maharashtra. The EMRC Pune could be used as a nodal agency in framing and implementing the online course.
8. As per the UGC norms of the CBCS (Choice Based Credit System) One credit courses need fifteen contact hours of teaching and learning. These could be divided as mentioned below. Of the total fifteen contact hours, seven hours could be devoted to online classroom sessions (theory part) and eight hours could be given to the practical/ hands on aspects of the course.
9. The course assessment should not be undertaken in the conventional mode of written examinations. Instead, the assessment should be based on fieldwork/ reports of fieldwork/ practical work about strengthening democracy and enhancing participation in electoral process.
